## Metal storage accessories

Muunto panel ..... 2

Baskets ..... 4

Shelves ..... 5

Hanging accessories ..... 5-6

### Muunto panel

Muunto panels are always custom-measured, and they can be used to clad either the whole wall or just a portion of it. The panels are made of MDF-board and measure 200 or 400 mm in height.

If the slatwall width is less than 3000 mm, no panel seams will be visible. In wider walls, the panels are installed using convenient butt joints that do not require additional trims.

### product code 6200 / 6400

Panel height 200mm (6200)

Panel height 400mm (6400)

### + panel colour / material

- V11 white
